ASSEMBLY INSTRUCTION

We recommend that you entrust the assembly of furniture to a specialist. If you wish to assembly furniture yourself, please strictly follow the instructions in this manual.

The manufacturer is not responsible for damage that occurred during self-assembly.

Before starting the assembly, check for the completeness of parts and furniture fittings:

SET OF FURNITURE FITTINGS

1. Template		6. Screw	
2. Table top		7. Hex key	
3. Table bases		8. Base connector (built in)	
4. Pads		9. Hex socket plug	
	5. Top connector (built in)		10. Cap

ATTENTION!
TABLE TOP AND BASE ARE HEAVY AND SLIPPERY

ASSEMBLE THE PRODUCT ON A FLAT, CLEAN SURFACE TO AVOID DAMAGE TO THE PARTS.

1. Carefully remove the protective packaging.
2. Place the paper template on the final position of the table in the room, having previously agreed with the client on the position of the table.
3. Insert table bases into the holes on the paper template. Make sure that all marks on the bases match the marks on the template: A-A, B-B etc.
4. Place the table top on the bases (face up), with an offset leaving access to the built in top connectors (5) on the table top.
5. Fix the screws (6) to the table top into top connectors (5) using a hex key (7). Attention! Milled side of the screws (6) should be placed in the right direction in relation to the base connectors (8) on the table base.
6. Place the table top into the right position so all screws (6) fit into the base connectors (8) on the bases.
7. Tighten the hex socket plugs (9) on the table bases with a hex key (7).
8. Install decorative caps (10).
9. Remove and dispose of template.
10. In case of uneven floor, place the pads under the table bases if necessary.
11. Polish the table top following care instructions, if necessary.
